The Campus Parent Portal is designed specifically for parents and is optimized for use on mobile devices and tablets.

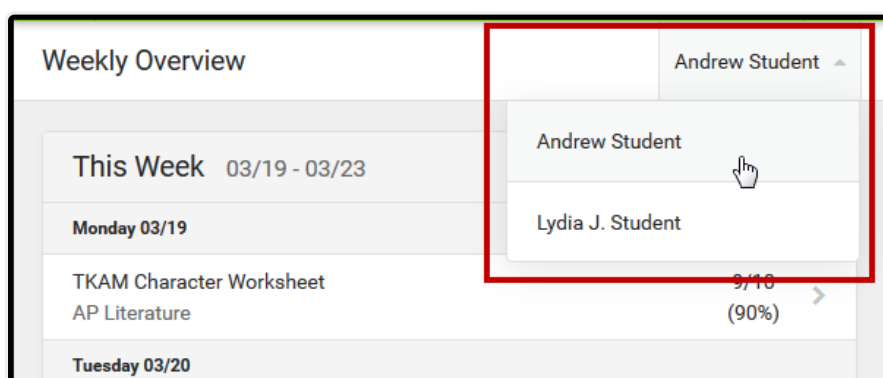

In the Campus Parent Portal, navigate between tools in the menu on the left. On mobile devices, this menu shrinks to a "hamburger" or "three bars" icon to save space.

Click the user icon in the top right to view Notification Settings.

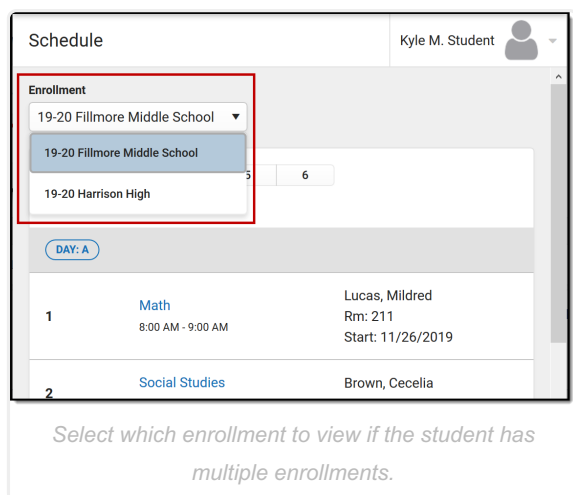

The Campus Parent Portal

If a tool is specific to a single student, such as Grades or Schedule, a student dropdown list displays in the top right corner. This dropdown list does not display for tools that are not student specific like Announcements.

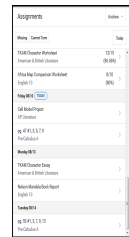

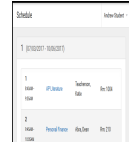

Switch between students using the dropdown list in the corner.

If a student has multiple enrollments, a dropdown list displays at the top of tools like Grades and Schedule listing each enrollment. Other tools, such as Behavior, show multiple enrollments on one screen, with data separated by enrollment.

Blended Learning

Some schools are using blended learning for the 20-21 school year, with some students attending school physically and some attending virtually.

Is My Student Virtual Today?

Check the **Today** screen to see if your student is physical or virtual today. A Virtual tag displays at the top of the schedule on days the student attending virtually.

To check another day, go to the **Calendar** screen, click *Schedule* and click a day in the calendar to see if your student is attending in-school or virtually that day.

Attendance Check-Ins

Depending on how your student's school is using virtual attendance, students may be required to respond to an attendance Check-In to show that they're participating in school virtually. These Check-Ins may display for each virtual section or one per day; some students are required to respond during the period the section would normally meet and other have all day to respond. Parents may also be able to respond for their students. Contact your school if you have questions about how they're doing virtual attendance.

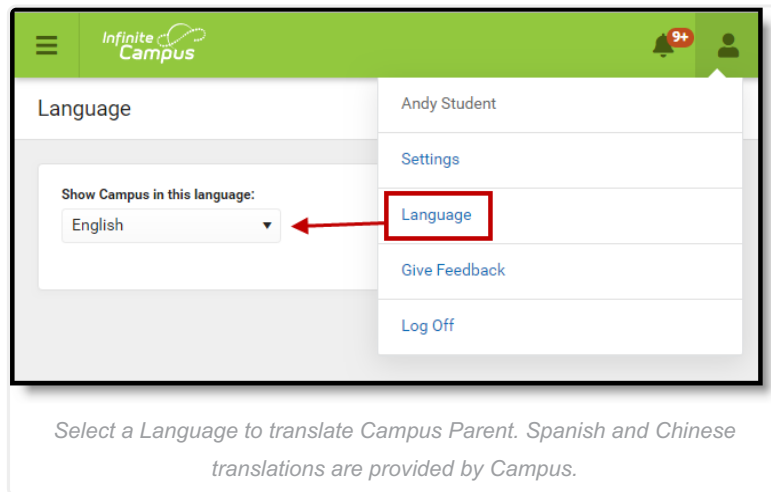

To see if your student has responded to a Check-In, click on the Check-In on the Today screen. To respond to a Check-In for your student, click the Check-In and then click the blue **Yes** button.

Account settings allow users to update their security email on record or to change their Password and E-Signature PIN.
