The Campus Parent Portal is designed specifically for parents and is optimized for use on mobile devices and tablets.

In the Campus Parent Portal, navigate between tools in the menu on the left. On mobile devices, this menu shrinks to a "hamburger" or "three bars" icon to save space.

Click the user icon in the top right to view Notification Settings.

If a tool is specific to a single student, such as Grades or Schedule, a student dropdown list displays in the top right corner. This dropdown list does not display for tools that are not student specific like Announcements.

If a student has multiple enrollments, a dropdown list displays at the top of tools like Grades and Schedule listing each enrollment. Other tools, such as Behavior, show multiple enrollments on one screen, with data separated by enrollment.

### Documents

The Documents tool collects files relevant to the student including learning documents such as IEPs and PLPs, a PDF version of the student's schedule, report cards and transcripts, forms, and program participation documents.

Documents are grouped by module and document type, i.e. Counseling, Report Cards, Special Education, etc. Select a **School Year** from the dropdown to view documents associated with a particular year. Documents not associated with a calendar year display in the Other section. Click on an entry to view the file as a PDF.

#### eSignature Forms

Certain forms will require users to review and sign, such as Health updates, Notices, Consent Forms, etc. Upon login, the **Documents Need Attention** section displays any documents that require a signature. Click on the document name or navigate to the Documents tool to Sign or Decline the form.

A status displays next to the name of the form on the Documents tool. This indicates if the document is pending action by other users, including additional signatures needed or completion by the district.

If one person Declines to sign a form, no other user can eSign the form.

See the **Notification Settings** information section for information about turning document notifications on and off.

### More

The More tab displays the following:

- **Address Information** for the student's household(s).
- **Assessments** that list the student's test scores for state, national and district tests.
- **Behavior** incident information that displays any behavior events in which the student was involved.
- **Demographics** information for the student and any non-household relationships.
- **Family Information**, including contact information for family members.
- **Health Information**, including recorded vaccinations, immunizations and daily health screenings.
- A list of Learning Tools for students to browse learning materials.
- **Lockers** assigned to the student with locations and combinations.
- The **Meal Benefits** application
- **Transportation** information including buses and parking permits.
- **Activities** in which the student is involved (clubs, sports, etc.)
- If the district is using **Online Registration**, those tools display here.
- **Important Dates** such as holidays, late starts, and other school calendar events.

**Links in Campus Parent**

In various areas of Campus Parent, clicking links opens details for items such as assignments and courses.
### Notification Settings

Notification settings allow users to opt out of receiving specific kinds of notifications and establish thresholds for those they want to receive. Set thresholds to only receive notifications when a grade or score falls below the selected percentage or a lunch balance falls below the selected dollar amount. Click the arrows to change the threshold or click and drag the dot.

Notifications are not sent for any tools that have been disabled by the district. Only districts using Campus Food Service receive low balance notifications.
Blended Learning

Some schools are using blended learning for the 20-21 school year, with some students attending school physically and some attending virtually.

Is My Student Virtual Today?

Check the Today screen to see if your student is physical or virtual today. A Virtual tag displays at the top of the schedule on days the student attending virtually.

To check another day, go to the Calendar screen, click Schedule and click a day in the calendar to see if your student is attending in-school or virtually that day.

Attendance Check-Ins

Depending on how your student's school is using virtual attendance, students may be required to respond to an attendance Check-In to show that they're participating in school virtually. These Check-Ins may display for each virtual section or one per day; some students are required to respond during the period the section would normally meet and other have all day to respond. Parents may also be able to respond for their students. Contact your school if you have questions about how they're doing virtual attendance.

To see if your student has responded to a Check-In, click on the Check-In on the Today screen. To respond to a Check-In for your student, click the Check-In and then click the blue Yes button.
Account Settings

Account settings allow users to update their security email on record or to change their Password and E-Signature PIN.

- The Account Security Email is the email used if a user forgets their username or password.
- Passwords can only be modified if the district has enabled Password Reset. Strong passwords are enforced, meaning that passwords should have a mix of letters, number, and characters to make them more secure.
- E-Signature PINs are used to electronically verify and sign Meal Benefit Applications. This field is only available if enabled by the district.

Access Account Settings to update basic account information.
Language

From the user menu, click **Language** to change the language that Campus Parent displays in. Campus provides translations into Spanish and Chinese; districts may provide additional translations.

Contact Preferences

Manage your contact preference by selecting the desired language and when you receive message, and how you receive that message (phone call, email, or text message). If your school has turned on certain options, you may be able to modify your phone numbers and email addresses.

From the **User Menu**, select **Settings**, then select **Contact Preference**. Review existing contact information (phone numbers and email addresses), enter any updates, and mark your desired Messenger Preferences. When phone and email changes are made, an email notification acknowledging the change is sent to the individual, alerting them to changes they may not have made.

Message Preferences
For each notification type, select how you prefer to receive messages by checking Voice, Text (SMS), or Email.
If the Text (SMS) option is enabled, message and data rates may apply. Charges are dependent on your service plan, which may include fees from your carrier to send and receive text messages. To opt out, uncheck the Text (SMS) box at any time.
Access Log

The Access Log lists the date, time, operating system, browser, and IP address of each time this account has been accessed. Failed attempts are indicated.

Connections

The Connections tool allows parents to connect their Campus Parent accounts to Alexa if they so choose.

What is available?

Check out this article for a list of sample questions that parents can ask Alexa. Data available includes announcements, messages, attendance, and assignments due.

How do I connect?
1. To connect, click the user menu in the top right of Campus Parent. From there, click Settings and then Connections.
2. Click the blue button to generate a Registration Code and then select it and copy it.
3. Click the link above the button to open and enable the Infinite Campus skill for Alexa.

This skill supports Alexa's options of limiting access including voice profiles and PINs.
